Project Title: Imjin Parkway Improvement Project (California Endangered Species Act Incidental Take Permit No. 2081-2019-007-04 (ITP))

Project Location: The Project lies within the City of Marina and County of Monterey. The 9,912 linear-foot Imjin Parkway alignment extends from Reservation Road to northwest of Imjin Road and also includes: (1) improvements to Imjin Road, Marina Heights Drive, Abrams Drive, Preston Drive, and Ready Court; (2) staging area near Imjin Road/8th Street intersection; and (3) traffic signal modification at Reservation Road/Imjin Road intersection.

Project Description: This Project involves widening the roadway; intersection improvements; adding buffered bicycle lanes; incorporating bus pullouts for local bus service; installation of new pedestrian pathway and roadway lighting; traffic signal modification; and various drainage improvements.

The Project will result in permanent impacts to 21 acres of Monterey gilia (*Gilia tenuiflora* ssp. *arenaria*) habitat. The project is expected to result in incidental take of Monterey gilia, which is designated as a threatened species under the California Endangered Species Act (CESA). The ITP referenced above as issued by CDFW authorizes incidental take of species listed under CESA that may occur as a result of Project implementation.
